# maxeon

## SPR-MAX3-XXX-BLK-R **MAXEON 3** SOLAR PANEL

### 405-420 W | Up to 22.2% Efficient

Ideal for residential applications

Black backsheet, black frame

#### More Lifetime Energy

Designed to maximise energy generation through leading efficiency, enhanced performance in high temperatures, and higher energy conversion in low-light conditions like mornings, evenings and cloudy days.

#### **Uncompromising Durability**

Engineered to power through all types of weather conditions with crackresistant cells and reinforced connections that protect against fatigue and corrosion, to an electrical architecture that mitigates the impact of shade and prevents hot-spot formation.

#### Superior Sustainability

Clean ingredients, responsible manufacturing, and lasting energy production for 40 years make Maxeon panels the most sustainable choice in solar.

#### The Industry's Longest Warranty

Maxeon panels are covered by a 40-year warranty<sup>1</sup> backed by extensive third-party testing and field data from more than 33 million panels deployed worldwide.

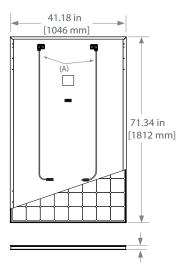

| Product and power coverage      | 40 Years |
|---------------------------------|----------|
| Year 1 minimum warranted output | 98.0%    |
| Maximum annual degradation      | 0.25%    |

#### MAXEON 3 POWER: 405-420 W | EFFICIENCY: Up to 22.2%

| IFLI Declare Label                                | First solar panel labeled for ingredient transparency and LBC-compliance. <sup>4</sup>                                                                                            |  |
| Cradle to Cradle Certified <sup>™</sup><br>Silver | First solar panel line certified for material health,<br>water stewardship, material reutilization,<br>renewable energy & carbon management, and<br>social fairness. <sup>5</sup> |  |
| Green Building Certification<br>Contribution      | Panels can contribute additional points toward LEED and BREEAM certifications.                                                                                                    |  |
| EHS Compliance                                    | RoHS, ISO 45001:2018, Recycle Scheme, REACH<br>SVHC-163                                                                                                                           |  |

1 40-year warranty is not available in all countries or all installations and requires registration, otherwise our 25-year warranty applies. Service availability varies by country and installation provider.

 $^2$  Standard Test Conditions (1000 W/m² irradiance, AM 1.5, 25° C). NREL calibration Standard: SOMS current, LACCS FF and Voltage.

3 Type 2 fire rating per UL 61730, Class C fire rating per IEC 61730.

4 Maxeon DC panels first received the International Living Future Institute Declare Label in 2016. 5 Maxeon DC panels are Cradle to Cradle Certified<sup>™</sup> Silver -

www.c2ccertified.org/products/scorecard/maxeon\_solar\_panels\_-\_maxeon\_corporation. Cradle to Cradle Certified<sup>™</sup> is a certification mark licensed by the Cradle to Cradle Products Innovation Institute.

6 As per IEC 61215-2016 tested and certified.

Made in Philippines (Cells)

Assembled in Mexico (Module)
